reduction of Jail population in Bangalore & my,

The question of closing the Mysore Jail wh was ordered last year to lie over may be taken up for consideration.

Subd. Prisons file 59-30 and medical file 303-29 when the question of the abolition of the Mysore Jail was dealt with as pending. It was finally decided in Govt O 3078-9. Med. 303-29. dated 13-10-30 that it is necessary to maintain both the Jail at Bangalore as Mysore as that it is not possible to close the Mysore Jail as proposed by the retrenchment Committee. It is now proposed to reopen the question & fresh proposals from the D.S.P. for closing the Jail and establishing a Dist. Lock-up will be called for.

As now

17/2 5) Please put up a draft enquiring what the population of each of the Jails has been during the last calendar year whether it is necessary to maintain a Jail at Mysore & if not, asking to send necessary proposals with the estimate of cost, for abolishing the Mysore

:cretariat Prisons File No. 87 of 193 ?.

Serial No.

2 From — The Inspector General of Prisons

C 733-2, 1 20.3.23

Subject: Proposals for the abolition of the Cuddalore Jail.

1) The main proposal of the I.G.P. is that the Cuddalore Jail should be retained on a lower status with a view to provide for future accommodation when such a contingency arises. He therefore proposes the conversion of the Jail into a Sub-jail functioning directly under him and proposes the following Staff:-

2) May be allowed 25/3/23

4 (a) Superintendence: At present the Cuddalore Jail is superintended by an Assistant Surgeon of the Krishnagiri Taluk Hospital on an allowance of Rs 75 p.m. Now the I.G.P. proposes to entertain him for 4 days in a month on an allowance of Rs 50 p.m. But as on an average a large number of prisoners should be transferred to the B.C. Jail and the manufactures in the Cuddalore Jail cannot be practically cut. There will be less work for such Superintendence and the allowance proposed may perhaps be reduced to Rs 30 p.m.

3) The allowance of Rs 50/- proposed by the I.G.P. may be reduced. 28/3/23

5 This proposal to retain the post of Jail in Cuddalore has for the Rs 75-5-100 to Rs 60-4-80. This may

6) This may be allowed 28/3/23

perhaps he effect accepted.

3) Chief warder. (40-2-50) It is proposed to abolish the post by transferring the incumbent to the Police Dept from where he came. This may perhaps be accepted.

Clerical establishment :-

4) At present the clerical establishment consists of the marginally noted establishment. Of these the D.I.G.P. proposes to retain the clerk for the Cey Bore Jail. He does not state the pay of this clerk. Perhaps As regard the other clerks he proposes to transfer them to the B.C. Jail where he states the works heavy. Perhaps a clerk on grade of Rs 30-2-40 may be allowed for the Asst Supdt and the D.S.P. asked to abolish the other 3 posts So far as this Jail is concerned and Submit Separate proposals for closing the clerical establishment of the B.C. Jail in case there is any such reason & Consequent on these proposals.

2.	2nd clerk	25-2-35	32½
3	Record keeper	25-2-35	32.
4	Store keeper	30-2-40	37

Sub Asst Superintendent. He gets an allowance of Rs 20/- p.m. By abolishing this post there will be a saving of his pay plus his allowance. This is estimated at Rs 1440 per annum.

5) Warder establishment. The warder establishment of the Cey Sore Jail are as noted below :-

25 This may be approved 28/3/33

26 The D.I.G.P. evidently proposes to keep the II clerk on Rs 25-2-35 as he is unofficial who is now officiating as the clerk is retained. 28/3/33

27 The D.I.G.P. has explained why this is necessary his proposals may be approved 28/3/33

The conversion of the Mysore Jail into a Sub J must necessarily result in savings and the point for consideration is whether it will not be possible to effect more savings than what has been proposed to be effected by the I. G. of Prisons.

The pay of the Jailor is proposed to be reduce from Rs 75-5-100 to Rs 60-4-80. This reduction will h effect only when there will be a change of the perman incumbent.

It is proposed to transfer one clerk, store-ke and Record keeper from the Mysore Jail to the Central Jail, Bangalore. It is for consideration whether th transfer of all these is really necessary and whether the number cannot be reduced.

Twenty seven warders and the carpenter and weaving maistries are proposed to be discharged. If they or some of them can be absorbed in the sanctione cadre, the extra cost on account of pension will be minimised.

A regular proposition statement showing the present and proposed establishment may be called for.

Subject:—

45] Proposals for the conversion of the Mysore Jail into a Sul Jail.

One of the suggestions the Retrenchment Committee appointe in 1931 was that the Jail at Mysore may be reduced to the status a lock-up. A saving of Rs.6,020 per annum was anticipated by th: means. The question having been referred to the Inspector Gener: of Prisons, that officer proposed that the Jail at Mysore may be abolished, that a lock-up of the type that exists in the Kolar G Field may be established instead and that the extra number of pri soners may be transferred to the Bangalore Central Jail where ac· commodation is ample. When the question was examined in detail was found that the Bangalore Central Jail could normally accommod only 844 prisoners, while the maximum that has been reached at a time within the previous 10 years was 963 in Bangalore and 289 i Mysore. In view of the possibility of a sudden increase in the number of prisoners, it was considered necessary to maintain bot the Jails at Bangalore and Mysore. Subsequently the post of full time Superintendent of the Mysore Jail on Rs.200-10-250 was abo- lished and an Assistant Surgeon from the Krishnarajendra Hospital was appointed Superintendent with an allowance of Rs.75 per mens

Since then there has been a further appreciable decrease i the population of the Jails. The Inspector General of Prisons w therefore requested to re-examine the question of closing the J at Mysore with reference to existing conditions and he has now s mitted his proposals in the matter. He considers that it would undesirable to effect changes so fundamentally drastic as to do away with the possibility of using the available facilities agai for accommodating a large number of prisoners when emergencies ari He has therefore proposed that the accommodation may continue to remain unchanged but that the organisation may be shaped into tha

a Sub Jail functioning directly under the Inspector General of Prisons without the intervention of the District Magistrate, in order to facilitate the transfer of prisoners from Bangalore to Mysore and vice versa at very short notice. The main features of the scheme are as follows:-

(1) The present Superintendent will continue as officer-in-charge of the Sub Jail and will be granted an allowance of Rs.50 per mensem instead of Rs.75 he is now getting.

(2) The Jailor's post will be retained, but the pay will be reduced from Rs.75-5-100 to Rs.60-4-80.

(3) The appointment of Chief Warder will be abolished.

(4) The clerical staff will be reduced.

(5) The post of Sub Assistant Surgeon will be abolished and any medical work will be looked after by the officer in charge of the Sub Jail.

(6) Twenty seven warders' posts will be abolished and the opportunity will be taken to weed out old and inefficient men of both Bangalore and Mysore Jails.

(7) Carpet making, kumbli making and weaving departments will be abolished at Mysore and gardening will be retained as the only form of labour available for the employment of prisoners.

(8) The remission system applies to prisoners undergoing imprisonment for six months and over, and all such prisoners will be transferred to the Central Jail. Convicts sentenced by any Court in Mysore to undergo imprisonment for terms of less than six months will be retained in the Sub Jail.

These proposals will result in a saving of about Rs.1261 per annum. I am of opinion that a further reduction could be effected by abolishing the three posts of clerks which become supernumerary in Mysore. The proposals of the Inspector General of Prisons with this modification may be sanctioned and the position may be further examined after six months with a view to see whether further reductions in Mysore or Bangalore are - - - possible.

INSPECTOR GENERAL OF PRISONS IN MYSORE, BANGALORE.

The Chief Secretary to the Government of
His Highness the Maharaja of
Mysore, Bangalore.

20 MAR. 1933

SIR.

With reference to your letter No.5893/Pris.59-32-1, dated the 24th February 1933, requesting me to re-examine the question of closing the Jail at Mysore, I have the honour to state that in my letter No.G.C.16-1, dated the 14th July 1931, I had proposed the conversion of the Mysore Jail into a District Lock up, not only as a measure of economy but also to release the building for accommodating the Mental Hospital. In their Orde No.G.3078-9/Med.303-29-30, dated the 13th October 1931, the Government expressed the apprehension that the existing accommo dation in the Bangalore Central Jail may at any time prove insufficient, and desired that there must always be a margin of accommodation available over and above the normal number, to provide against the possible increase of crime during any year.

2. I have given the whole question careful consideration agai and feel that, while there is real scope for retrenchment, it would be undesirable to effect changes so fundamentally drastic as to do away with the possibility of using the available facilitie again for accommodating a large number of prisoners, when emergencies arise. I therefore propose that the accommodation may continue to remain unchanged but that the organisation may be shaped into that of a Sub-Jail functioning directly under the Inspector General of Prisons without the intervention of the District Magistrate, in order to facilitate the transfer of prisoners from Bangalore to Mysore and vice versa at very short notice. My proposals are as follows.

3. The present Superintendent will continue as officer in-
harge of the Sub-Jail and may be granted an allowance of Rs.50/-
nstead of 75/- per mensem he is now getting. It is not desi-
able to entrust the charge to the District Medical Officer as
he Mysore District contains as many as 53 dispensaries which
bserb most of his time and attention. The extensiveness of
he District necessitates his absence from head quarters at fre-
uent intervals in a manner which would be detrimental to the
nterests of the Sub-Jail, if he were placed in charge thereof.

4. The Jailor's post may be retained but the pay may be re-
uced from Rs.75-5-100 to Rs.60-4-80.

5. The appointment of Chief Warder may be abolished. In
his connection I may note that the present incumbent was d afte
rom the Police Department about four years ago and it is proposed
o revert him again to that Department. A reference in this
onnection will be made separately for the orders of Government

6. When the Sub Jail is established, the need for the Clerical
stablishment consisting of a Head Clerk, a IInd Clerk, a Store
eeper and a Record Keeper will cease to exist. Only one clerk
ay be retained and the remaining three hands transferred to th
entral Jail where the work is already too heavy for the existi
taff and will still further be augmented with the accession o
risoners from the Mysore Jail. In this connection I may note
hat the Sale Room outside the Bangalore Central Jail had to be
losed on account of the inadequacy of the clerical staff.

7. The post of Sub Assistant Surgeon will of course be aboli
nd any Medical work that may require attention will be looked
fter by the officer in charge of the Sub Jail.

8. Of the 52 Warders, one Head Warder on Rs.25/45, 6 Warders
.14-/ 3 and 6 on Rs.13 -/13 may be retained at Mysore for the p
ose of the Sub Jail. Twelve Warders may be transferred to th
entral Jail in order to strengthen the guarding establishment,
he need for which was recognised by Government in their Order
933-43/Pris.59-31-19 dated the 27th February 1933. The remai
ng 27 Warders may be retrenched.

9. The carpentry section in the Mysore Jail has already been abolished. There are now 3 Departments viz., Carpet-making, Cumbly-making and weaving and these may be abolished, the maistries being retired and granted whatever pension they may be entitled to under the Rules. The raw materials may be transferred to the Central Jail and a corresponding reduction made in the allotment of the jail during th next year.

10. There are only a few old fashioned pit-looms in the Mysore Jail, whereas the looms in the Central Jail, are more modern and efficient. But for want of hands a large number is lying idle. The transfer of prisoners from Mysore to Bangalore will therefore facilitate the development of the weaving industry in the Central Jail. The only form of labour available for the employment of prisoners in the Sub Jail, Mysore, will be gardening. This requires little or no capital and can be made profitable to Government. Vegatables to the value of about Rs.200/- per year are being grown at present but with a larger number of men put exclusively on the work, a much better yield may be expected.

11. The remission system applies to prisoners undergoing imprisonment for six months and over, and all such prisoners may be transferred to the Central Jail. Convicts sentenced by any Court in Mysore to undergo imprisonement for terms of less than six months may be retained in the Sub- Jail. The maintenance of a fairly good number of prisoners in the Sub Jail is absolutely necessary, as otherwise the buildings, for want of adequate care, will share the same fate as that of the Jail buildings at Shimoga. The prisoners with sentenced of less than six months average about at present, and normally this number is not likely to be exceeded.

12. The revision will result in a saving of Rs.12,600/- per annum as detailed in the enclosed statement. The outstanding merit of the scheme is that while it permits the disbandment of superfluous staff, it preserves the elasticity of the administrative machinery unimpaired. All that would be necessary in a state of emergency would be to impress into service temporar warders at the rate of one warder for every five orxxs six extra

extra

extra admissions and this process can, if occassion demands, be extended up to the limit of the accommodation available in the Mysore Jail.

13. I request early orders, so that the arrangement proposed may come into effect from the commencement of the next official year, a beginning being made at once by transferring long term convicts from Mysore to Bangalore.

I have the honour to be,

Sir,

Your most obedient servant,

P. Subbarao.

Inspector General of Prisons.

Order No. G.7833-6
Dated, Bangalore, 5/5/33

One of the sugrestions of the Retrenchment Committee of 1931 was that the Jail at Mysore may be reduced to the status of a lock-up resulting in an anticipated -- savings of Rs.6020 per annum. When the

question was examined in detail, it was found that the Bangalore Central Jail could normally accommodate only ~~1010~~ 844 prisoners while the maximum that had been reached at any one time within the previous 10 years was 963 in Bangalore and 289 in Mysore. In view of the possibility of a sudden increase in the number of ~~xxxx~~ prisoners, it was considered necessary to maintain both the Jails at Bangalore and Mysore. Subsequently the post of the full time Superintendent of the Mysore Jail on Rs.200-10-250 was abolished and an Asst. Surgeon from the M.H.Hospital was appointed Superintendent with an allowance of Rs.75/- per mensem.

Since then there having been a fur appreciable decrease in the population of the Jails, the I.G. of Prisons was requested to re-examine the question of closing the Jail at Mysore with reference to the existing conditions. He, however, considers that it would be undesirable to effect changes so fundamentally drastic as to do away with the possibility of using the available -- facilities again for accommodating a large number of prisoners when emergencies arise. He has therefore proposed in his letter of 20th March 1933 read above, that the -- accommodation may continue to remain unchanged but that the organisation may be shaped ~~with~~ into that of a sub jail functioning directly under the I.G. of Prisons without the intervension of the District Magistrate, in order to facilitate the transfer of

prisoners from Bangalore to Mysore and vic versa at a very short notice. The main features of the scheme recommended are as follows:-

(1) continuance of the present Supt. as officer-in-charge of the Sub Jail and t grant to him of an allowance of Rs.50 per mensem instead of Rs.75 which he is now getting,

(2) Retention of the Jailor's post on a reduced pay of Rs.60-4-80 instead of -- Rs.75-5-100 as heretofore.

(3) Abolition of the post of the Chie Warder,

(4) ~~Reduction of the clerical staff from four to one~~ Reduction in strength of one clerk out of the four, the remaining three being transferred to the Bangalore Central Jail, in view of the heavy work there.

(5) Abolition of the post of Sub Asst Surgeon, his work being attended to by the officer-in-charge of the proposed Sub Jail

(6) Abolition of the posts of 27 warde opportunity being taken to weed out old a inefficient men of both Bangalore and Mysc Jails,

(7) Abolition of the carpet-making, kumbli-making and weaving departments in Mysore, gardening being retained as the o form of labour available for the employme of prisoners,

(8) Transfer to the Central Jail of all prisoners to whom the remission system -- applies viz., those undergoing imprisonme for six months and more, convicts sente.ce by any court in Mysore for imprisonment o

less than six months only being retained in the Mysore Sub Jail.

Govt. are pleased to sanction the above proposals of the I.G. of Prisons, subject to one modification, viz., that the three posts of clerks which become supernumerary in Mysore be abolished. Govt. consider it unnecessary to increase the establishment of the Central Jail in any way, since the proposed reduction of the Mysore Jail to Sub Jail will only result in the Jail population in Bangalore being brought up to nearly the old standard. The post of the temporary clerk now given to the Bangalore Jail may be confirmed and one of the supernumeraries absorbed in that vacancy. The others will have to be -- absorbed in any existing vacancies or ~~xx~~ retired on compensation pension under the usual rules.

The I.G. of Prisons is requested to further examine the question after six months with a view to see whether any further reduction in Mysore or Bangalore is possible. He is also requested to take necessary further action in the matter so that the sanctioned proposals may be given effect from 1st June 1933.

ORDER No. G. 7833-6—Pris. 59-32-4, DATED BANGALORE, THE 5TH MAY 1933.

One of the suggestions of the Retrenchment Committee of 1931 was that the Jail at Mysore may be reduced to the status of a lock-up, resulting in an anticipated savings of Rs. 6,020 per annum. When the question was examined in detail, it was found that the Bangalore Central Jail could normally accommodate only 844 prisoners, while the maximum that had been reached at any one time within the previous ten years was 963 in Bangalore and 289 in Mysore. In view of the possibility of a sudden increase in the number of prisoners, it was considered necessary to maintain both the Jails at Bangalore and Mysore. Subsequently, the post of the full-time Superintendent of the Mysore Jail on Rs. 200—10—250 was abolished and an Assistant Surgeon from the Krishnarajendra Hospital was appointed Superintendent with an allowance of Rs. 75 per mensem.

Since then, there having been a further appreciable decrease in the population of the Jails, the Inspector-General of Prisons was requested to re-examine the question of closing the Jail at Mysore, with reference to the existing conditions. He, however, considers that it would be undesirable to effect changes so fundamentally drastic as to do away with the possibility of using the available facilities again for accommodating a large number of prisoners when emergencies arise. He has therefore proposed in his letter of 20th March 1933, read above, that the accommodation may continue to remain unchanged but that the organisation may be shaped into that of the Sub-Jail, functioning directly under the Inspector-General of Prisons, without the intervention of the District Magistrate, in order to facilitate the transfer of prisoners from Bangalore to Mysore and *vice versa* at a very short notice. The main features of the scheme recommended are as follows :—

(1) Continuance of the present Superintendent as Officer-in-charge of the Sub-Jail and the grant to him of an allowance of Rs. 50 per mensem instead of Rs. 75 which he is now getting.

(2) Retention of the Jailor's post on a reduced pay of Rs. 60—4—80 instead of Rs. 75—5—100 as heretofore.

(3) Abolition of the post of the Chief Warder.

(4) Retention in Mysore of one clerk out of the four existing ones, the remaining three being transferred to the Bangalore Central Jail, in view of the heavy work there.

(5) Abolition of the post of Sub-Assistant Surgeon, his work being attended to by the Officer-in-charge of the proposed Sub-Jail.

(6) Abolition of the posts of 27 warders, opportunity being taken to weed out old and inefficient men of both Bangalore and Mysore Jails.

(7) Abolition of the carpet-making, kumbli-making and weaving departments in Mysore, gardening being retained as the only form of labour available for the employment of prisoners.

(8) Transfer to the Central Jail of all prisoners to whom the remission system applies, *viz.*, tho e undergoing imprisonment for six months and more, convicts sentenced by any court in Mysore for imprisonment of less than six months only being retained in the Mysore Sub Jail.

Government are pleased to sanction the above proposals of the Inspector-General of Prisons, subject to one modification, *viz.*, that the three posts of clerks which become supernumerary in Mysore, be abolished. Government consider it unnecessary to increase the establishment of the Central Jail in any way, since the proposed reduction of the Mysore Jail to Sub-Jail will only result in the jail population in Bangalore being brought up to nearly the old standard. The post of the temporary clerk now given to the Bangalore Jail may be confirmed and one of the supernumeraries absorbed in that vacancy. The Inspector-General of Prisons is requested to further examine the question after six months with a view to see whether any further reduction in Mysore or Bangalore, is possible. He is also requested to take necessary further action in the matter so that the sanctioned proposals may be given effect from 1st June 1933.
